## A Note from the Executive Director

Michelle Graham  
Executive Director

April is moving us closer to warmer days and we'll have more opportunities to enjoy the outdoors and take leisurely strolls through the walking paths around the community. We can look forward to more time to reconnect with nature and appreciate the beauty that surrounds us. The mountains surrounding Bozeman Lodge are magnificent.

The saying "April showers bring May flowers" has been around for centuries and is believed to have originated in England, where the weather patterns often include a lot of rain in April, followed by a burst of floral beauty in May. It's a reminder that sometimes we have to endure a bit of rain and gloom to enjoy the bright and beautiful things that follow. So, as we look forward to the month ahead, let's embrace the occasional rain shower, knowing that it brings with it the promise of beauty.
